A message from Mentor

Dr. S.M. MISKEEN, B.Com., FCA., Ph.D.,
(1929 - 2021)

“Education is an important input both for the growth of the society as well as for the individual. Properly planned educational input can contribute to increase in the gross national products, cultural richness, build positive attitude towards technology and increase efficiency and effectiveness of the governance. Education opens new horizon for an individuals, provides new aspirations and develops new values. It strengthens competencies and develops commitment. Education, generates in an individual a critical outlook on social and political realities and sharpens the ability to self-examination, self-monitoring and self-criticism”.

With this mission, we have established Rabiammal Ahamed Maideen College for Women to offer PG, UG and Diploma courses approved by the Bharathidasan University, Tiruchirapalli.

ABOUT OUR COLLEGE

Our College was started in a humble beginning in Tiruvarur in July, 1999 when there was no women's college here. Girl students of this region were not able to get higher education in the absence of colleges exclusively for women. Our college was established to fill up this vacuum and to provide better opportunity for higher education to girl students from villages and semi-urban areas. Our college has always been secular in its ambitions, activities and approach. The college has grown up in value, vision and volume in the past 20 years and reflects our country's ideological identity of unity in diversity. Every student is made to understand that education is not a privilege but a basic right.

Our college has earned the trust and goodwill of the rural community for its excellent academic ambiance and equal opportunity provided in learning and research. Many students entering the college come from villages as first generation in their respective agricultural families. It is for this reason we are providing cost affordable high standard education. Every family in this region has some link or other with R.A.C. which in turn helped to fulfill the mission of the Founders to uplift the rural girl students from literary backwardness and isolation and to join the main stream in the nation building.

Students are given parental protection, care and security in the college campus. This college functions in a spacious area, well connected with the main arteries of Tiruvarur the abode of trinity of carnatic music, easily accessible by students. The college campus is located in a panoramic, conducive and safe environment, more suitable for girl students to assemble and study. For the convenience of girl students from remote villages, the college provides comfortable bus facility in different routes within a radius 80 km.

Spacious class rooms, auditorium, well equipped library, prayer hall, vast play-ground are very helpful to girl students. Frequent seminars are conducted for the students to have inter-collegiate participation. Every year students participate in industrial visits. Well equipped laboratory for the departments of Computer, Bio-chemistry, Physics, Nutrition & Dietetics, D.M.L.T, and Fashion Technology are available. Language

Lab. helps students with more exposure in learning through visual and audio system.

Our library hall with large number of books, journals, magazines, and newspapers, is well utilized by students and staff.

The college provides both arts and science courses in twelve disciplines for U.G. students, and seven post graduate courses with M.B.A., Research courses, are available in M. Phil (Bio-Chemistry)., M, Phil (Commerce)., M. Phil (Tamil) and Ph.D. research courses in Commerce and Bio-Chemistry.

Periodical National and State level seminars are conducted every year, inviting external resource persons. For the benefit of new students bridge course is conducted every year. We have also provided Guest lecture through external resource persons, leadership training, skill development programmes for both faculty and students separately.

Every year students are encouraged to have industrial visits. Bio Chemistry students are encouraged to cultivate organic vegetables and herbal plants to gain practical knowledge.

No capitation fee is collected from the students or parents in any manner. Ragging is strictly prohibited.

Our college alumini meet is always well attended with great admiration. College Union leaders are elected every year by all students only through secret balloting in a very cordial and democratic manner.

Our students are provided greater opportunity to acquire leadership quality and encouraged active participation in extracurricular activities in civic, cultural, social and moral fiber of the society. Our students have learned the culture of co-existing as a family, without discrimination of caste, creed, race, religion in the bond of friendship, fellowship tied with mutual respect through value based education and support secular ideals of our country.

The motto of the college is **"WE BREED BETTER CITIZENS"** invested with values of humanism, patriotism and secularism.
